

Celebrating 10 years in business

THANK YOU

Wow! Cliché but true - it is hard to believe it has been 10 years.

I feel extremely grateful and blessed of this achievement and want to take this opportunity to personally thank each and every one of you.

From staff, to suppliers and to all the clients of Asthetique Skin Care, both past and present, you have all helped shape the business to what it is today and I can't thank you enough.

I have met some amazing people, made lifetime friends, and 'my girls' as I like to call them, have become my extended family.

Of course at times, the last 10 years has had its challenges, but I absolutely love what I do and it is because of you all that I get to do it every single day. A most rewarding gift.

I am excited with our growth and what we have achieved so far, and even more excited for what is to come.

Cheers to the next 10 years!

From the bottom of my heart, thank you. Shellie x

As a thank you for your continued support and loyalty, you will receive a \$30 Gift Card when you visit us during December. A gift from us to you that you can use towards a product or service purchase (over the value of \$70) during January and February 2018.

Cheers to 10 years!

Both Nutriessence and ourselves were thrilled and honoured to have received awards at the 2017 White King-Pental 95.3 Triple M Business Awards. Asthetique won Business of the Year - Trade and Nutriessence won Customer Service of the Year - Professional.

We are passionate about the importance of internal health and how this reflects on the outside, and aim to correct and treat these concerns without the use of harsh chemicals, acids and nasties.

We most certainly aren't about the 'quick fix' or any hype that comes with our industries.

We are 100% committed to achieving real, visible results for our clients and are here to help and educate you about skin and body health long-term.

We can't thank our client's enough for your continued loyalty and support. These awards were won because of you, and without you all, there simply is no business! So thank you very much!

Our award streak continues! We are so very, very proud and excited to have Brooke and Renee as finalists in the DermaVIDUALS Excellence Awards 2018.

This is an amazing achievement for both girls. They have been chosen as one of four finalists, Australia wide, for their respective category. Brooke is up against the best in the industry for Corneotherapist of the Year.

Corneotherapy is the approach we strongly believe in and follow

when it comes to treating the skin. Renee is a finalist for Junior Corneotherapist of the Year. The winners will be announced at the DermaVIDUALS Symposium in Sydney in January. As a team, we are all heading to the event to cheer them on but importantly to also attend the 3 Day Symposium full of further education. During these 3 days we learn from the best of the best when it comes to corneotherapy and all things skin - including Hans Lautenschlager, the man who formulates and makes dermaVIDUALS and Jennifer Brodeur - talking about our favourite Max 7+ LED machine, plus more. We can't wait!

The clinic will therefore be closed for these three days, January 16th, 17th & 18th.

We will re-open Friday January 19th, full of new and updated knowledge and hopefully with a win or two of these awards! Don't forget while we are away, you can make your appointments online at -

Cosmetic Injections!

Cosmetic Nurse, Nicole Ashmore...

Nicole joins us once a month providing anti wrinkle injections and derma fillers. She also offers sclerotherapy for varicose veins.

Sclerotherapy involves injecting a substance into the superficial affected vein, causing it to shrink and eventually

collapse. The veins are then no longer able to carry blood, so are gradually cleared by the body. This process can take several weeks and up to 6 months, depending on the severity of the condition.

Sclerotherapy has been used safely and successfully for over 20 years and is now considered the gold standard in varicose veins therapies.

To find out more you can see Nicole when she visits us next on Saturday 9th December 2017 or Monday 15th January 2018.

Consultations are cost and obligation free and you can call the clinic to make your appointment.

Bowen is Back!...

Lisa is back weekly offering her amazing Bowen Therapy treatments.

Bowen Therapy is a holistic alternative therapy, non-invasive in nature, that aims to treat the cause of problems rather than the symptoms. The conditions treated vary widely and include things such as stress, fluid retention, digestion problems, back, shoulder and neck pain. And it is amazing at helping with unsettled babies. The treatment works on the body's muscles, tendons, nerves and fascia, which in turn empowers the body's own resources to reset and help in its natural healing process. The aim is to help your physical and emotional needs to relieve symptoms and release positive energy flow through your body, enabling your body to heal itself.

Lisa's Bowen Therapy treatments are definitely something you must try!

MERRY CHRISTMAS

and

HAPPY NEW YEAR

We would like to remind you to book your Christmas & New Year appointments as soon as possible. It is a busy time of year and we don't want anyone missing out. Due to our cancellation and no show policy, we kindly ask that you provide us with 24 hours notice if you wish to cancel your appointment. A fee of 50% of your treatment will be charged for late cancellations or failure to show for an appointment during this busy time.

We understand what it's like to be busy and how hard it can be to make appointments at this time of year, so we are conveniently open late all week leading into Christmas.

We will close on Saturday 23rd December and re-open in between Christmas and New Year on Thursday 28th Friday 29th only. We will then close again on the 29th December and re-open in the New Year on Thursday 4th January 2018.

Wishing you all a very merry Christmas and an extra happy New Year. We hope you enjoy this special time with your loved ones. A big cheers to 2018!
